RECOMMENDATIONS FOR BALANCED CROP NUTRITION

Barley - Feed					
Macro-nutrients	Yield	N	P2O5	K2O	S
Growing Condition	bu/ac	To be added (lbs/acre)			
Excellent	98	60	33	29	0
Average	67	48	23	16	0
Your Goal	180	93	59	63	0
Removal Rate (Seed/Total)	180	191 / 275	83 / 110	63 / 263	18 / 32
Micro-nutrients	Iron	Copper	Zinc	Boron	Manganese
To be added (lbs/ac)	0.0	0.0	0.0	0.0	0.0

Parts of the field may be Boron deficient.

Comments:

- Report was issued to include recommendations of Barley and Oats for samples 4-6 requested Daniel Pucko by of Lake land college on May 4 2022. Previous report 2742599.
- Report was issued to include recommendations of Soybean and Faba Bean for samples 7-9 requested Daniel Pucko by of Lake land college on May 4 2022. Previous report 2742600.
- Report was issued to correct the yield goals for the 2nd set of recommendation as per COC. Requested by Daniel Pucko of Lakeland College on May 4 2022. Previous report 2744508.
- Report was issued to correct the yield goals for the 2nd set of recommendation as per COC. Requested by Daniel Pucko of Lakeland College on May 4 2022. Previous report 2744510.

Recommendations are based on general research consensus. They should not replace responsible judgement.
